CHARGE REGISTER, Instructions for Keeping of (S.O.)

1. Whenever a complaint or a report of an offence against the criminal laws of Palestine, is made at a police station, the responsible officer receiving such will at once cause an entry to be made in the Station Diary giving the necessary particulars of the report as made.

2. If the Officer in of the Police Station is of the opinion that the complaint is false or frivolous or of such a nature that no reasonable man would complain of it, or that no offence is disclosed, the charge will be refused. The complainant will be informed to this effect and he may be referred to the Magistrate should he be dissatisfied with this decision. No entry will be made in the Charge Register, and no case file need be opened.

As a general rule simple charges under Article 179 O.P.C. should be refused. Exception will only be made when it is probable that unless action is taken a further breach of the peace is likely to occur. Should the charge fall under Article 261 the complainant may be informed that the Police do not propose to institute proceedings and he should be informed that he may refer the matter to the Magistrate or District Officer.

If the parties concerned in the incident are of different religions and by such refusal to prosecute the case is likely to cause a breach of the peace, it should be accepted.

3. If in the opinion of the Officer receiving a complaint an offence is disclosed an entry will at once be made in the Charge Register and a case file will be opened.

4. In cases when it is necessary that the complaint should be investigated, even although there is reason to suspect that it may be false, the charge will be registered in the Charge Register. On subsequent investigation, should it transpire that the case is false, or no offence is disclosed, then it will be "closed", an endorsement to this effect made in the Charge Register and also on the face of the cover of the case file.

5. Cases entered in a Charge Register will be serially numbered commencing with the first case reported on the first (or subsequent) day of January of the year under reference, e.g. 1/34. A line will be drawn under each case in the Charge Register.

6. All entries in a Charge Register will be made in black ink. Where it is necessary to note as a reminder, the date upon which the case is due to be called before a Court, etc., lead pencil may be used. The final result of the case when other than a conviction has ensued, or bail has been extorted, will be entered in red ink.

The letter "F" will be entered in red ink in column 5 to indicate an indictable offence.

7. When the investigation of a case is closed otherwise than by final disposal before a Court the entry showing the final result will be signed by the A.S.P. of the Division concerned.

8. Should it be necessary during the course of any year to re-open for further investigation any case closed during that year, it may be done without a fresh entry being made in the Charge Register. The word "re-opened" shall be entered in the column under "Record of Police action". Should, however, the case have been closed during the previous year a fresh entry will be made.

9. When a case is transferred from a Police Station to any other Police Station an entry will appear to this effect in the column "Record of Police Action" (red ink), and a red line will be ruled diagonally through the entry on both sides of the Register.

10. Cases entered in the Charge Register may only be closed under the following headings:-

Conviction.	
Bail extorted	Result to be shown in black ink.
Found false or no offence disclosed.	
Withdrawn by complainant.	
Undetected.	
<i>Accused died (P.O. 405/34)</i>	
Acquitted.	
Withdrawn by prosecution, or non-lieu.	Result to be shown in red ink.

11. At the end of every month a summary will be made showing:-

Total number of cases reported.....
No. of cases in which charge refused.....
Found false, or no offence disclosed.....
Transferred
No. of true cases remaining

A red line will be drawn after the summary at the end of each month, and each month will be headed by the name of the month written in bold characters.

12. The number of previous convictions traced by C.R.O., C.I.D., in the case of any accused, will be entered in a bold figure in ink on the right hand side of the column headed "Record of Police Action". This figure will assist in deciding which criminals previously convicted should be included in the M.S. system. In re-printing Charge Registers a column will be included to provide for this.

13. In compiling the Resume of Crime every case entered in the Charge Register will be included.

14. Contraventions will be entered in a special register kept for the purpose, and also certain other cases, which, although they are included in the Penal Code are deemed to be contraventions as decided by the Inspector-General from time to time.

15. A copy of these instructions will be affixed inside the front cover of the Charge Register.

16. The following Force Orders are cancelled 346/32, 430/32, 471/32, and 480/32.

(P. 17/38 - P. 13/32).
